

## CLIENT INFORMATION

Full Name / Company Name: \_\_\_\_\_

Telephone Number: \_\_\_\_\_

Cell phone Number: \_\_\_\_\_

E-mail Address: \_\_\_\_\_

Postal Address: \_\_\_\_\_

Physical Address: \_\_\_\_\_

Location of Solar System (GPS): \_\_\_\_\_

Installation distance in kilometres from Windhoek/Swakopmud/Keetmanshoop:

\_\_\_\_\_

**Completion of the following questions is vital for Quantum Solar Investments (QSI) to provide you with an accurate quotation.**

This process involves:

- Determining the appropriate system size
- Conducting system simulations
- Creating the system site layout and single-line diagram
- Generating system estimates and a bill of quantities
- Performing a detailed cost analysis on your system

**Understanding your required system: (Graphic below)**

**Your responses ensure we have all the necessary information to deliver a precise quotation for your specific solar electric/security fence project.**

### **Solar Electric Fencing Info Sheet**

**1. Purpose of Fence:**

Is the fence for portable or fixed/permanent use? \_\_\_\_\_

Specify differences between portable and permanent setups.

---

---

---

**2. Existing Structure:**

Is there any existing electric fence structure like an electrified wall or fence?

---

**3. Required Distance:**

Total distance required, including corners and gates. \_\_\_\_\_

**4. Bracket Type:**

What type of offset bracket should be used: Pig Tails or Treadins?

---

**5. Bobbins Type:**

What type of bobbins should be used: Plastic or Porcelain?

---

6. Pole Length:

If needed, what length poles are required? \_\_\_\_\_

7. Gates:

Are there any gates that should be fenced?

\_\_\_\_\_  
\_\_\_\_\_

8. Area Dimensions and Layout:

Provide dimensions and layout of the area to be fenced?

\_\_\_\_\_  
\_\_\_\_\_

9. Terrain and Soil Conditions:

Describe terrain and soil conditions in the area?

\_\_\_\_\_

10. Security Concerns:

Specify any security concerns or risks the fence should address:

---

11. Level of Security:

What level of security or deterrence is required? (e.g., low, medium, high)

---

12. Wildlife Threats:

Are there any animals or wildlife in the area that may pose a threat to the fence?

---

13. Environmental and Regulatory Considerations:

---

14. Are there any environmental or regulatory considerations to take into account?

---

15. General enquiries:

---

---

---

## WARRANTY/WORKMANSHIP

Quantum Solar Investments stands behind all parts and labour provided, ensuring their quality and functionality for a period of 12 months from the installation date (subject to specific conditions).

### CONDITIONS:

- Claims are limited to the replacement or repair of any defective parts.
- Components manufactured by a third party are governed by their respective warranty terms.
- QSI is not liable for any consequential damages.
- The warranty does not cover travel, air freight, or road transport expenses.
- No claims will be recognized unless:
  - The fault is reported within 7 days.
  - Repairs are conducted with written consent from QSI.
  - The fault results from negligence or mishandling by the client or their contractor.

By signing below, I affirm that the information provided is accurate and that I accept the terms of Quantum Solar Investments' Warranty.
