

CLIENT INFORMATION

Full Name / Company Name: _____

Telephone Number: _____

Cell phone Number: _____

E-mail Address: _____

Postal Address: _____

Physical Address: _____

Location of Solar System (GPS): _____

Installation distance in kilometres from Windhoek/Swakopmud/Keetmanshoop:

Completion of the following questions is vital for Quantum Solar Investments (QSI) to provide you with an accurate quotation.

This process involves:

- Determining the appropriate system size
- Conducting system simulations
- Creating the system site layout and single-line diagram
- Generating system estimates and a bill of quantities
- Performing a detailed cost analysis on your system

Your responses ensure we have all the necessary information to deliver a precise quotation for your specific solar gate motor project.

Solar Gate Motor Info Sheet

1. Gate Size/Length and Weight: _____
2. Does the gate already has its own sliding rails and brackets? _____
3. Should the gate motor have an enclosure box to protect it from weather conditions and theft? _____

Desired Features:

1. Remote Control Operation: _____
2. GSM Commander (Cellphone Operation): _____
3. Automatic Closing Timer: _____
4. Others (please specify): _____
5. Usage Frequency (e.g., Number of times gate opens and closes per day): _____
6. Is there existing infrastructure for solar power (e.g., solar panels, battery bank)? _____
7. Should the battery and charge controller have an enclosure box to protect it from weather conditions and theft?

Additional Information:

- Any specific preferences or additional requirements for the gate motor system? _____
- Are there any environmental or regulatory considerations that need to be taken into account? _____
- Any other relevant information you would like to provide? _____

This questionnaire will help us understand your needs and preferences better, allowing us to provide you with a tailored and accurate quotation for your solar electric gate motor system.

Once you've completed the questionnaire, please return it to us, and we'll begin preparing a comprehensive quotation for you.

If you have any questions or need assistance, please feel free to contact us.

Thank you for considering solar electric gate motors from **Quantum Solar Investments!**

WARRANTY/WORKMANSHIP

Quantum Solar Investments stands behind all parts and labour provided, ensuring their quality and functionality for a period of 12 months from the installation date (subject to specific conditions).

CONDITIONS:

Claims are limited to the replacement or repair of any defective parts.

Components manufactured by a third party are governed by their respective warranty terms.

QSI is not liable for any consequential damages.

The warranty does not cover travel, air freight, or road transport expenses.

No claims will be recognized unless:

The fault is reported within 7 days.

Repairs are conducted with written consent from QSI.

The fault results from negligence or mishandling by the client or their contractor.

By signing below, I affirm that the information provided is accurate and that I accept the terms of Quantum Solar Investments' Warranty.
